Located a short distance outside Unizah, this charming hotel is accessed through two imposing fortress-like towers and along a palm-lined drive that leads up to the resort's main building. The exterior of this two story structure is surrounded by a wide portico that is lined with whitewashed columns and resembles a Saudi Arabian gingerbread house. Accommodation at Al Malfa Resort is divided between the main building and a second block built in the same style. The 39 ensuite guestrooms are warmly, but simply,

decorated using local inspiration and feature flat-screen satellite televisions, air-conditioning, mini-fridge, and Wi-Fi. Suites have a separate living room. In keeping with Al Malfa Resort's traditional Qasimi theme, diners can look forward to tasting regional dishes prepared by local ladies at the hotel's restaurant. Another notable feature of the resort are its attractive gardens that look out over farmland and contain a comfortable bedouin-style 'majlis' tent and a small football pitch. Bicycles are available for exploring the grounds.

Shaden MGallery Al Ula's comfortable air-conditioned rooms are located in clusters that are spread throughout the grounds. Inside each room the décor is contemporary blended with Arabian

inspiration. All rooms have wooden floors, colourful Arabian rugs, flat-screen television, Wi-Fi connection, and a spacious bathroom with hot and cold running water. A large lounge area on the ground floor and outside terrace provide ideal areas in which to relax. Adjacent to the lounge is Trio, the Novotel Yanbu Hotel's restaurant where buffet and a la carte meals are served. Leisure facilities available for the use of men and children include an outdoor swimming-pool and gym. While the Novotel Yanbu Hotel is relatively

isolated, it is only a short drive into Old Yanbu with its attractive old houses, souq, cafés and restaurants or to the city's marina from where you can charter a boat to go scuba diving, deep sea fishing, or visit Al Baridi Island.

InternContiental Hotel, Jeddah

13 October to 15 October, 2021

INTERCONTINENTAL HOTEL, Jeddah ** (Sea View room - on request)**

InterContinental Jeddah, has an excellent location overlooking the city's waterfront and is set within large grounds with swaying palm trees just off the city's Corniche road. The interiors of this once glamorous older hotel now feel a little dated but we believe that this is compensated for by the hotel's attractive price point, good standard of service and guest facilities. The InterContinental's 300 spacious and air-conditioned guestrooms are

arranged over five floors and have balconies, a seating area with plush armchair, work desk, Wi-Fi, coffee machine, and large LED television with multilingual channels. Many of the rooms also benefit from fine views overlooking Jeddah's landmark King Fahd fountain – the tallest in the world. Guests staying at the hotel have choice of dining options. Both the Fish Market and barbecue restaurant Spears have panoramas overlooking the Red Sea, while the all-day dining Al Ferdaus restaurant treats its diners with a global menu featuring Middle Eastern, Italian and Indian favourites. Café 360 is open in the evenings and is the hotel's relaxed lounge. Leisure facilities at the InterContinental Jeddah's include a Health Club located in an adjacent building where there is a ladies' gym as well as fitness centre, sauna, steam and outdoor swimming-pool for the use of male guests.

Each ensuite room has a separate sitting area and is equipped with flat-screen television, writing desk, mini-fridge, kettle, and Wi-Fi. Service is willing but can be haphazard. Drinks and snacks are available on the
